[REDACTED]

We are taking this informal means of acknowledging your participation in the NROC 5-9 program, as you and our training officer have arranged, and thus expressing our appreciation.

The membership of this company, in general, consists of Naval Reserve Officers (mostly Commanders and Lieutenant Commanders) about half of whom are employed in senior technical positions by the Bureau of Ordnance. The others hold positions of similar level in the administrative fields in that Bureau and a variety of employment in other government agencies, civilian firms or self-employment. They have a broad ordnance background in common. Attendance averages to about 45.

The meeting for which your presentation is planned will be held in Room 3116 Main Navy at 1930 on Wednesday, 23 July 1958.

As a courtesy, a copy of this note will be sent you about ten days in advance of this meeting date.
